SUMMARY

Motivated 4th-year Information Technology student with hands-on experience building web applications and a growing interest in Data Science, Machine Learning, and Generative AI. I enjoy crafting clean, responsive interfaces and writing structured backend logic. Actively practising Data Structures & Algorithms and looking for opportunities to apply my skills to real-world problems.

SKILLS

Languages: JavaScript, Python, Java, C++
Frontend: HTML5, CSS3, Tailwind CSS, React.js
Backend & Runtime: Node.js
Database: MySQL, Firebase (Realtime DB & Auth)
Tools: Git, GitHub, VS Code, Vercel
CS Fundamentals: Data Structures & Algorithms, Object-Oriented Programming
Exploring: Machine Learning, Data Science, Generative AI

INTERNSHIP EXPERIENCE

AI Driven Software Development Intern *29 Apr 2026 – 28 May 2026*
Pantech Solutions India Pvt. Ltd. — in association with Sardar Vallabhbhai National Institute of Technology (SVNIT), Surat

- Completed a one-month internship focused on AI-driven software development, gaining practical exposure to applying AI techniques within the software development lifecycle.
- Certificate of Completion issued (Certificate ID: PANCH26-INV-00384), verified by Pantech Solutions and SVNIT Surat faculty.

CERTIFICATIONS

OneRoadmap Skill Certifications (Certified Sep 27, 2025): English, Java, SQL, CSS

TECHNICAL PROJECTS

CivicOS *React.js, TypeScript, HTML, CSS — live link | source code*

- Contributed to India's first AI-powered civic governance accountability platform designed to address urban infrastructure failures impacting 50 million citizens; responsible for the complete React frontend and UI design.
- Built responsive UI components for geo-tagged issue reporting with photo proof, a live AI-powered danger zone heatmap of Hyderabad, and an AI Smart Routing feature suggesting safest roads by avoiding active complaint areas.
- Implemented the frontend for India's first automated MLA performance leaderboard tracking 543 MLAs on real civic delivery data, and a unified citizen dashboard replacing 15–20 fragmented municipal systems across 500 municipalities.

MJCET Attendance Portal *HTML5, CSS3, JavaScript, Firebase — live link | source code*

- Designed and built the complete frontend of a web-based attendance management system for MJCET with role-separated portals for admins, teachers, and students.
- Integrated Firebase Realtime Database and Firebase Authentication to enable live attendance synchronisation, allowing teachers to mark attendance and students to instantly view records and attendance percentage.
- Developed all six user-facing flows end-to-end — admin panel, teacher registration/login/dashboard, and student registration/login/dashboard — with clean and consistent HTML/CSS layouts across every screen.

Personal Finance Dashboard *HTML5, CSS3, JavaScript — live link | source code*

- Built a responsive dashboard to track income and expenses in INR by category, with a live balance overview and recent-transactions list.
- Implemented monthly budget tracking, financial goal tracking, and an analytics panel showing average income/expense, savings rate, and top expense category.

AI Interview Preparation Tool *HTML5, CSS3, JavaScript — live link | source code*

- Developed an interview practice app with Technical, Behavioral, Situational, Leadership, and System Design questions, difficulty filters, favorites, and keyboard shortcuts.
- Built a timed mock-interview mode (5–20 questions) with pause/skip controls, a score summary, and an analytics view of average score and recent activity.

ACHIEVEMENTS & ACTIVITIES

Hack Revolution 2025 | Shortlisted among the top 30 teams out of 600+ participating teams
Envisage 2025 | Participated in the annual technical fest organised by MJCET
Competitive Programming | Actively solving problems on LeetCode and GeeksforGeeks to strengthen DSA skills

EDUCATION

Muffakham Jah College of Engineering and Technology *Hyderabad, Telangana*
B.E. in Information Technology | 2023 – 2027 (Expected)

- CGPA: 8.12 / 10
- Relevant coursework: Web Development, Data Structures & Algorithms, OOP, Machine Learning.

Sri Chaitanya Junior College
Intermediate – Mathematics, Physics & Chemistry (MPC) | 2021 – 2023

- Scored 84% in the MPC stream.

Iqbalia International School
Secondary School Certificate – CBSE Board | 2015 – 2021

- GPA: 9.0 / 10
